Overview

This deck provides an overview of the ADI Programme, including the Programme format, curriculum and who it's targeted at, and our feedback and lesson review process.

The Insurance Industry, like many others, is going through significant change with a notable shift of consumer behaviours on one side and the development and advancement of new technologies on the other. Digital transformation is therefore a key priority for insurers.

Insurers need to adapt to these changes and accelerate their digital transformation efforts. Having the right culture and upskilling the workforce are critical to success.

TDI Academy maintains a rigorous approach to quality by collecting and analysing feedback from every participant and every lesson. Alongside our own internal review methodology, the feedback is used to enhance the Programme content on an on-going basis to ensure material is up-to-date and relevant – a critical factor in the fast-paced world of technology.

[VIEW THE ADI ONE PAGE SUMMARY](#)

The ADI Programme is the world's first virtual professional "mini-MBA" in Digital Insurance designed to bring together Insurance Professionals and Executives who are interested in learning how to transform the insurance industry in a digital world.

7 Courses covering all areas of digital insurance consisting of 56 one-hour lessons of online content delivered by experienced insurance industry professionals and experts.

Programme content is a balanced mix of theory and practice with strong emphasis on case studies and application of learning in order to support vocational nature of Programme.

A blend of pre-recorded lesson material which participants consume in their own time and instructor-led sessions which are held weekly over 7 months — designed to encourage active discussion amongst participants.

ADI is also accredited by the Chartered Insurance Institute (CII), which demonstrates the quality of learning and confirms it meets CII member CPD scheme requirements.

Introducing The Digital Insurer (TDI)

PURPOSE

Working together to accelerate the digital transformation of insurance

VISION

To be the world's leading digital insurance platform for individuals and companies, with the most valuable knowledge base and most engaged community

VALUES

*Collaboration • Reliability • Agility •
Diversity • Value-delivery • Innovation • Trust*

TDI CONNECT

Be part of the world's largest community & knowledgebase

Working together to accelerate the digital transformation of insurance

TDI ACADEMY

Insurance Learning for the Digital Age

TDI TECH

Accelerating global InsurTech adoption

Core Requirements

Formula for Success for ADI Programme

Enthusiasm

Planning

Discipline

Effort

>95% of committed learners should pass the ADI Programme

✓ Completion of all 56 lessons across 7 Courses
Includes quizzes and feedback after each lesson

✓ Commitment of 18-25 hours a month
Courses with 8 lessons are released monthly

✓ Attendance in weekly Discussion Groups
- 2 Lessons a week are discussed with mentors and industry experts
- Minimum requirement of attending 2 per Course

✓ Completion of Assignments

- Minimum of 4 Assignments throughout the Programme that they can select from; allow 8-12 hours per assignment

ADI Programme Key Points

Breadth vs. Niche

Our Programme is deliberately broad and it is designed as a 'mini-MBA' which covers a breadth of relevant subjects in the area of digital insurance, rather than deep-diving into niche areas.

Prior Knowledge of Topics

The Programme is designed to cover domain-specific topics at a level that is sufficient for someone who has no prior knowledge of said topics, but would benefit from a better understanding of these aspects of the business beyond their own areas.

Participating Departments

Due to the breadth of the Programme, participants come from all core insurance functions such as IT, Sales/Marketing, HR, Underwriting, Finance, and more.

Participant Job Levels

The Programme is well-suited for heads of functions of business units, digital specialists, high-potentials, and senior leaders who will benefit from a wider view of business opportunities presented by digital platforms, as well as an enriched dialogue with industry peer groups.

ADI Programme Differentiators

1. Digital First

Convenient, instant access to pre-recorded lessons from industry experts around the world. Live weekly group discussions with mentors & industry experts each week. Global knowledge with zero travel time.

2. Insurance Relevant

Packed with insurance use cases, case studies, examples, and business-related assignments. All are aimed to level-up digital insurance skills and awareness across the company.

3. Outward-looking

Bringing in out-of-industry insights whenever relevant. 56 hours of content from close to 30 industry experts ensure diversity of views and quality of insights.

4. Constantly refreshed

Rolling schedule to update our material

5. More than knowledge and learning

Joining a peer group community of ADI alumni as well as the broader TDI member base of 40,000 people around the world.

How will participants benefit?

Deeper understanding of digital insurance

- New skills & new perspectives on digital insurance
- Practical knowledge to advance careers
- Strategic insights

Access to lifelong learning

- TDI knowledge base
- Programme access for 12 months after completion

Recognised internally and externally

- Assessed
- Leading to professional designation
- Digital badge, certificate, & plaque issued upon completion

Access to professional network

- Global connectivity
- TDI Academy Alumni

Use your qualification with pride to help accelerate the

digital transformation of insurance.

Help your company, boost your career, and ensure you stay at the top of your game.

Digital Certificate

Digital Badge

Plaque

Weekly Discussion Groups

Active participation is part of the Programme

- Weekly Discussion Groups are not lectures
- Minimum attendance of 2 per course
- Most attend all
- Progress call out each week—keeping up to speed
- Use Chat to ask questions make comments and connect with participants
- Monthly extended 90-minute session—to include break outs, networking and small group interaction

The more you commit – the more you get out of ADI

Business-Related Assignments

FORMAT:

FORMAT:

- 1 hour (every 4th session is 90 mins)
- Participants attend via Zoom
- Review 2 lessons per session
- Industry experts attend if possible
- Q&A and discussion
- Sometimes a poll
- Weekly news item from recent news to discuss
- Programme updates
- 1-3 Course mentors for each session

FREQUENCY:

- 4 per course—1 hour; every 4th session is extended 90 min session
- 28 in total for the Programme
- Must attend a minimum of 2 per Course
- For March 2023, Weds @ 5pm SG and 11am CET

- For the March-23 cohort, these will be held on a **Weds at 5-6pm SG / 11-12pm CET** with every 4th session being an extended 90-minute session
- Cohort **kick off will be on 8th March 2023 for 90 mins** to go through the programme in detail with participants
- First live Discussion Group will be held on **15th March 2023 at 5–6pm SG/ 10-11am CET**

- 1 per Course, 7 in total
- Participants must complete a minimum of 4 during Programme
- Business related:
 - Course 1: Essay (compulsory)
 - Course 2: Case study
 - Course 3: Essay or practical hands-on exercise
 - Course 4: Case study
 - Course 5: Case study
 - Course 6: Essay
 - Course 7: Business plan (compulsory)
- Lots of choices – you can pick areas of interest
- 8–12 hours to complete each assignment
- Clear instructions on each assignment— including templates and guidelines

the DEADLINES & RULES

- Courses 1 and 7 are mandatory
- Deadlines are strict—Up to one week extension with a reason
- Must complete all lessons, pass quizzes, and complete lesson and course feedback before submitting assignment

MARKING

- Marked independently by 2 markers
- Pass or fail within 21 days of submission
- You receive feedback on each assignment
- Option to resubmit within one month of you fail the first time

- Minimum of 4 assignments throughout the Programme to pass
- Allow 8-12 hours to complete each assignment

COURSE LESSONS

1.1 The 4th Industrial Revolution

The new frontier

1.2 Our Connected World

The rise of technology and its impact

1.3 The Power of Social

Social behaviour and technology and the impact on insurance

1.4 Changing Consumer Behaviours

Changing behaviour and increasing consumer expectations

1.5 The Future of Insurance

Latest technological developments and implications

1.6 Why Data is King

Data led insights and actions will be the norm

1.7 Cloud Crushes Costs

How cloud-based services are changing the cost vs service trade-off

1.8 Insurance Re-booted

Why and how does the insurance industry need to change?

Our Changing World

OVERVIEW

The world is changing rapidly in the 4th Industrial Revolution.

Just as our personal lives are changing, so are our professional lives. We are on a journey and the destination is not yet clear.

As committed lifelong learners, you will be well-positioned both personally and to help your company navigate and thrive in this new environment.

COURSE LESSONS

2.1 Tech Trends in Insurance

Trends of technology impacting insurance

2.2 AI, Machine Learning and RPA

Turning data into actionable insights

2.3 Blockchain

From crypto to DLT in one hour

2.4 IoT

How IoT is helping to transform insurance

2.5 Chat & Voice

Latest technological developments and implications

2.6 Immersive Technologies

Early stage use cases and potential for Virtual & Augmented Reality

2.7 APIs & Microservices

The hidden tech helping insurance transform

2.8 Tech Architecture Best Practices

Exploring the tech stacks that are replacing legacy systems

Tech Enablers

OVERVIEW

Tech is changing at an exponential pace. It is difficult even for technology professionals to keep up – let alone most of us.

Tech Enablers aims to explain some of the key technologies transforming insurance and provide some example use cases we are seeing in the industry

COURSE LESSONS

3.1 Power of Data

Data trends and business value as well as management and governance of data

3.2 Python Basics

Get hands on with some basic coding

3.3 Python Intermediate

Explore structured data with Pandas and complete a basic model

3.4 Data Visualisation & Example Tools

Importance of visualisation tools and hands on session with Tableau

3.5 Machine Learning

Understand terminology and apply to use cases. Supervised and unsupervised learning algorithms

3.6 D&A for Property & Casualty

Focus on Property & Casualty use cases

3.7 D&A for Life and Health

Focus on Life and health use cases

3.8 Predictive Modelling

Overview of predictive modelling including the basics, techniques and industry use cases

Data & Analytics

OVERVIEW

If Data is the new oil, then analytics is the Production Facility.

In this Course, we aim to bring the subject to life with some hands-on experience as well as industry use cases.

The Industry Experts for this programme include:

- Four lessons led by Xccelerate, a specialist in D&A training
- Two lessons led by a Swiss Re subject matter expert
- Two lessons led by Pat Saporito a published author and specialist in D&A for insurance

COURSE LESSONS

4.1 Sales Tools for Agents

Tools for agents in a digital world

4.2 Underwriting – Life & Health

Data is transforming the life and health industry

4.3 Underwriting – Property & Casualty

And it is doing the same for P&C

4.4 Product Development

New products are at the heart of digital transformation

4.5 Service & Administration

How digital is improving customer service and back office administration

4.6 Claims – Life & Health

Explore how digital is improving this most important moment of truth for life and health

4.7 Claims - Property & Casualty

And see how the same is happening in the P&C arena

4.8 Implementation Value Chain Innovations

How to execute a value chain initiative

Value Chain Innovations

OVERVIEW

The insurance value chain can be broken into components or a “supply chain” and includes sales, marketing, underwriting and claims.

In this course, we will examine how digital can help transform different parts of the value chain – hence the course name: Value Chain Innovations.

Each lesson includes use cases and case study examples.

COURSE LESSONS

5.1 Platforms and Ecosystems

Scalable businesses with insurance embedded

5.2 Microinsurance

How digital is changing microinsurance

5.3 On-Demand

Bite-sized insurance offering immediate cover in the sharing economy

5.4 Comparison Sites

The rise of comparison sites and future potential

5.5 Peer-to-Peer & Community

How digital is leading to a new wave of mutual insurance models

5.6 Health & Wellness

How new ecosystems are being developed that change the life & health industry

5.7 Commercial Insurance

New digital business models in commercial insurance

5.8 Building New Digital Business Models

How to build a new digital business model (more in Strategy & Transformation)

New Digital Business Models

OVERVIEW

Digital is not just about improving efficiency but is opening up entirely new types of insurance and how it can be combined with other products and services.

In this course, we will examine how digital is allowing the creation of a wide range of new business models – some of these are very new whilst others are well established in some parts of the world.

Each lesson includes use cases and case study examples.

COURSE LESSONS

6.1 Customer Experience

How digital enables new focus on improvement customer experience

6.2 Direct Digital Marketing

The latest trends on direct marketing

6.3 Data-led Marketing

Data at the heart of modern marketing

6.4 MarTech

How technology is changing the shape of marketing

6.5 The Power of Content

The importance of content to engage and raise awareness with customers

6.6 Omni Sales & Service

How digital is leading to a new wave of mutual insurance models

6.7 Customer Life Time Value & Customer Advocacy

Taking a new look a building long term relationships with customers

6.8 Out-of-industry Examples

What we can learn from out of industry use cases

Customer Experience & Marketing

OVERVIEW

Customer adoption of digital means the industry needs to adopt new means of communicating and engaging with more demanding customers.

In this course we look at digital marketing tools as well as new methods for engaging with customers as well as some out of industry examples.

Each lesson includes use cases and case study examples.

COURSE LESSONS

7.1 Why Strategy Beats Execution & Strategic Planning Tools

Strategy as a key success factor

7.2 Ethics and Regulation in a Digital World

An opportunity to stand back and reflect on important principles

7.3 Transforming the Old vs Building the New

Looking at this classic challenge

7.4 Partnerships in a Digital World

The increasing importance of partnerships

7.5 Change Management as a Discipline

The importance of change management to help transformation efforts

7.6 AGILE & LEAN Basics

Operational implementation techniques

7.7 Cultural Change for a Digital World - Digital as DNA

How to bring along the entire company on the digital journey

7.8 How to Succeed When Most Transformation Fail

Wrapping it all up in a 90-minute webinar

Strategy & Transformation

OVERVIEW

We aim to pull together the learning to focus on both the what (strategy) and the how (transformation).

In this lesson we move away from technology and firmly into how to think strategically to ensure success and what is needed for successful implementation.

Core Programmes Comparison

'Mini-MBA' and business qualification in digital insurance

7 months

Cohort based

Virtual Weekly Discussion Groups

Personal mentors

Business-related assignments

IDEAL FOR

Heads of business units, digital specialists, high-potentials, senior leaders.

Key is desire & availability to commit to the 7-month Programme

SHARED ELEMENTS

100% Virtual

7 courses each with 8 1-hr lessons

Quick-fire MCE's after each lesson

Company branding & customization options for TDI members

Lifelong learning and membership of a global TDI network, all connected digitally

On-demand certificate in digital insurance

1-3 months

Self-paced

Personalised by each participant – Select and complete a minimum of 50% of lessons to earn certificate

IDEAL FOR

All staff engaging in TDI Prime can take CDI+ by lesson, course, or entire Programme
